## LEARNING OUTCOMES

This training aims to equip researchers with the skills to develop **competitive applications for Horizon Europe Pillar II calls** ("Global Challenges and European Industrial Competitiveness"). We'll focus on transnational collaborative projects that address predefined challenges across various thematic clusters.

Over four comprehensive modules, you'll delve into every aspect of preparing a Pillar II application.

By the end of this training, you'll be able to:

- **Navigate the Horizon Europe Portal:** Confidently create proposals, complete Part A, and prepare a project budget.
- **Master the Excellence Section:** Understand the key components of Excellence for both Research and Innovation Actions (RIA) and Innovation Actions (IA), and apply best practices for each subsection.
- **Develop a Strong Implementation Plan:** Grasp the critical elements of Section 3 and integrate effective strategies for its preparation and writing.
- **Craft a Compelling Impact Section:** Understand how to prepare and write the Impact section of your Horizon Europe proposal to maximize its potential.
- **Integrate European Policies:** Understand the importance of European policies and effectively address them within the Excellence, Impact, and Implementation sections.

PROGRAMMATIC CONTENT	WORKLOAD	TRAINERS
<b>Part A and Budget Calculation</b>  Administrative and financial information Filling in Part A of the application form (Administrative Forms) Submitting the application process on the Funding & Tenders Portal/ Electronic Submission Service Detailing and preparing the budget	3h	Research and Innovation Funding Support Office and Pre-Award Network
